<p>✓ show not tell. I think, the author is showcasing to the reader that Bilbo is mortified as usually when people a person is scared, their body shakes uncontrollably. This is one technique which correlates to Bilbo's emotions.</p>	<p>10</p>
<p>10.3.19 pages 355-365</p>	<p>In my opinion, the use of *adjectives aids the reader to visualise the scene whilst reading. For example, the dragon was withered. Personally, this paints an image in my mind of an old dragon with scales wearing away.</p>
	<p>In addition, they can read with ease as despite the fact there are few pictures, the adjectives portray an image rather than reading blindly.</p> <p>10</p>

<p>Prisoner of Ice and Snow 11.3.19</p>	
<p>11.3.19 pages 1-12</p>	<p>Whilst reading the first chapter I think, that Valor has <span style="float: right;">10</span></p>
	<p>an ignorant personality. I believe this because</p>
<p>in the second paragraph it states: "Mother</p>	<p>plucks at my sleeve, snagging my arm. In <span style="float: right;">10</span></p>
<p>my opinion, this is ignorant because, the</p>	<p>fact that Valor's sleeves were plucked clearly</p>
<p>indicated to me that Valor was not listen-</p>	<p>ing therefore her mother took hold of her <span style="float: right;">10</span></p>
<p>in order to receive her attention. Furthermore,</p>	<p>the word snagged shows that it was a <span style="float: right;">10</span></p>
<p>struggle to stop Valor from running through</p>	<p>the crowd.</p>
