English

Plural and Possessive – S

Rewrite this paragraph in your neatest handwriting. Circle all the plural -s and underline the possessive -s.

My sister's favourite food has always been cakes or biscuits. I personally am not a fan. I prefer fruit, particularly grapes. My uncle's house in Italy has grapes growing in the garden! Sainsbury's grapes are dreadful in comparison to the ones that grow there in Italy. I visit with both of my sisters every summer. The winding, countryside roads can be scary at first, but the views when you arrive are worth it. Italy's best views are exactly where my uncle's house is, in Florence.
