

CURRICULLUM CONTENT FOR SPANISH 2024-25

YEAR 5

AUTUMN 1

As linguists, pupils will learn:

- to name some members of the family.
- to say whether they have siblings and if so, say how many brothers and sisters they have.
- to describe people (character and physical attributes).

AUTUMN 2

As linguists, pupils will learn:

- to count to 31, name the 12 months and the 4 seasons.
- how to say the dates in general and that of their birthday.
- learn some Hispanic birthday traditions and to sing 'Happy Birthday'.
- how to write a Christmas card in Spanish.

SPRING 1

As linguists, pupils will learn:

- different weather expressions.
- how to read a weather map.

SPRING 2

As linguists, pupils will learn:

- how to talk about the weather at different times of the year or in different parts of the world.
- to name different items of clothing.

SUMMER 1

As linguists, pupils will learn:

- to describe items of clothing using colours.
- to say what they wear at different times of the year or in different types of weather.

SUMMER 2

As linguists, pupils will learn:

- to name different wild animals and to place them in different habitats.
- to give details about these animals (appearance, what they eat, what they can do, etc.).
- to describe these animals, using a range of adjectives.
