

Be Safe Online *Lyrics by Adam Sinclair & Susan Sinclair*

Chorus

Be safe when you're online,
Follow our rules and you'll do fine.
Be safe when you're online,
Ain't nobody fooling me! **(REPEAT)**

Verse 1

I was playing one day,
There I'm sat,
Online gaming with UnicornCat,
They seemed pretty cool,
Started up a little chat.
Next thing they're asking,
"Hey, where you live at?".

I thought to myself "I'm not sure about this",
"I've heard a thing or two about online risks".
I'm not gonna be another one of those fools,
I'm sticking to the online safety rules:

One! Be safe, never give your full name,
Even when playing on an online game.

Two! Don't give out your contact details,
Number, address, location or email.

Three! No info in your username,
Someone could figure out your riddle game.

Basically keep your personal info safe,
Don't let it end up in cyber space.

Chorus

Be safe when you're online,
Follow our rules and you'll do fine.
Be safe when you're online,
Ain't nobody fooling me! **(REPEAT)**

Verse 2

Four! Never meet up with an online friend,
That online friend might just pretend,
And be a person that intends,
To put you in danger, don't trust strangers!

Five! Stop and think before you click Accept,
People can lie on the Internet.

Six! Don't click on that pretty box,
You might get tricked by some sly fox.

Chorus

Be safe when you're online,
Follow our rules and you'll do fine.
Be safe when you're online,
Ain't nobody fooling me! **(REPEAT)**

Bridge

So much to do,
A whole world for you,
Have fun with your friends and family,
Remember take care,
With the things that you share.

Chorus

Be safe when you're online,
Follow our rules and you'll do fine.
Be safe when you're online,
Ain't nobody fooling me! **(TIMES THREE)**

Be safe when you're online,
Follow our rules and you'll do fine.
Be safe when you're online,
Ain't nobody, ain't nobody,
Ain't nobody fooling me!
