LOS RÍOS DE ESPAÑA

Los ríos de España.  
Te los voy a decir:  
El Duero, el Tago  
Y el Guadalquivir.  
También el Guadiana,  
Que fluye y se escocía  
Cuando le da la gana.  
Y el Ebro, el más largo,  
que, con muchos meandros,  
Va a desembocar  
Donde hay un gran delta  
Como punta de flecha  
Que hace a la mar.

THE RIVERS OF SPAIN

The rivers of Spain,  
I am going to tell them to you:  
The Duero, the Tago  
And the Guadalquivir.  
Also, the Guadiana,  
That flows and foams,  
Whenever it pleases.  
And the Ebro, the longest,  
Which with many meanders,  
Goes to drain  
Where there is a great delta  
Shot, like an arrowhead  
Herts the sea.

The Spanish Ambassadors help to celebrate World Book Day with KS1 by reading a well-loved story in Spanish: Brown Bear / Oso Pardo.
