

## INCY WINCY SPIDER NURSERY RHYME LYRICS & ACTIONS

---

*Incy Wincy spider,*

Put right index finger to left thumb & touch other thumb & index finger to each other

*climbed up the water spout,*

take bottom thumb and finger away from each other, and twist hands so they meet again at the top.

*down came the rain,*

wiggle fingers downwards like rain coming down

*and washed poor Incy out.*

push hands outwards.

*Out came the sunshine,*

Move hands around in a large circle, with fingers out stretched

*and dried up all the rain,*

wiggle fingers upwards

*so Incy Wincy spider,*

put right index finger to left thumb & touch other thumb & index finger to each other

*climbed up the spout again.*

take bottom thumb and finger away from each other, and twist hands so they meet again at the top.
