

Be a 'greedy reader'!

Have you read... The Hobbit – J.R.R Tolkien?

Welcome to the world of the Hobbit! Today we'll go through the characters, the plot and everything in between. Seeing as the truly enchanting plot is about a 'band of burglars' snatching gold from a gargantuan dragon, the characters we meet along the way are none too different and enthrall all readers. Bilbo, an innocent Hobbit who, despite being a 'burglar' (as stated in the story) rarely burgles others; all he thinks about is dinner. I'd recommend this fantasy to all armchair adventurers who enjoy visiting far away lands!
