Victoria Pang

Co-opted Governor

Appointed: 23rd March 2026

I am delighted to have joined St Mary's Primary School as a Co-opted Governor. As a local resident, I am passionate about giving back to the community and supporting children to have the best possible start in life.

I have over a decade of experience working across NHS and independent healthcare organisations, most recently as an Executive Director within an independent healthcare provider. I bring senior leadership experience in governance, safeguarding, financial performance and strategic planning, with a strong track record of leading teams and supporting organisations to deliver high-quality, sustainable services.

Education is something I feel strongly about, particularly in creating inclusive environments where all children can thrive. As someone with dyslexia, I understand the importance of support, confidence and encouragement in helping young people reach their full potential. I am especially interested in areas such as pupil wellbeing, SEND and inclusion.

In my spare time, I enjoy staying active through CrossFit, swimming and badminton, and I previously trained in judo for over 10 years, representing Great Britain at national and international level.

I look forward to working with the governing body, staff and wider school community to support St Mary's in providing a positive and enriching environment for all pupils.
